

Vulcan County Regional Emergency Management Partnership

May 19, 2020

RE: COVID-19 Update 52 (**RED text** indicates web link & New Information in **BLUE**)

Vulcan County Regional Emergency Management Partnership updates will now be release two (2) days a week. All updates moving forward will be released on Tuesday and Thursday of each week, unless urgent messaging comes from Alberta's Chief Medical Officer of Health or Government Officials during their daily updates.

Vulcan County Regional Emergency Management Partners are continuing to monitor the COVID-19 situation in Alberta. The latest Government of Alberta media releases can be found at <https://www.alberta.ca/news.aspx>

All Vulcan County Fire Halls are closed to the public until further notice. The municipal offices of Vulcan County, the villages of Arrowwood, Carmangay, Champion, Lomond and Milo remain closed to the public while business operations are continuing. The Town of Vulcan municipal office remains open, however, **we are urging the public to use municipal websites, email and telephone** to answer their inquiries.

While the number of daily confirmed cases is remaining relatively flat, it is imperative to follow proper personal hygiene and cleaning practices. Please follow these [guidelines](#) and watch your municipal websites for further updates.

Everyone, even persons not exhibiting symptoms or requiring mandatory self-isolation, is strongly encouraged to limit outings to a minimum and stay home; [observe social distancing](#) and avoid touching your face without first washing your hands.

The Vulcan County Regional Emergency Management Partnership has put together [a series of videos on COVID-19](#) related themes:

- [Tips for Wearing Masks](#)
- [Tips for Washing Hands and Surfaces](#)
- [Tips on Public Distancing, Touching Your Face and Wearing Gloves](#)
- [When to See the Doctor](#)
- [Protect Our Communities](#)
- [Here for You](#)

Cases in Alberta and Vulcan County

For today, 33 new cases have been confirmed bringing the total to 6,716. Fatalities resulting from COVID-19 are 128. A total of 218,964 Albertans have been tested. There have been a total of 5,854 recoveries to date. There are no confirmed cases within Vulcan County or the urban municipalities within its region, although testing has been undertaken for those with symptoms. Vulcan County is in the [Calgary Health Zone](#). Alberta uses [modelling](#) to anticipate the number of COVID-19 cases over the coming months. [Revised modeling](#) was provided on April 28th.

Canada/US Border Closure

An agreement has been reached between Canada and the United States to keep the border closed to all non-

essential travel for another month.

The extension on the existing agreement means that the border restrictions will stay in place until June 21, even as parts of both countries begin gradually reopening. The agreement, as it stands, exempts the flow of trade and commerce, as well as vital health-care workers such as nurses who live and work on opposite sides of the border. Tourists and cross-border visits remain prohibited.

Low German Mennonite Community Resource Inventory

Throughout the pandemic response in this province, **Alberta Health Services has been maintaining an inventory of resources** specifically tailored for the Low German Mennonite Community. To put things in perspective, one fifth of our population base in Vulcan County speaks Low German as a first language.

Guidance on Outdoor Activities

With the weather warming up, everyone is eager to go outside for fresh air.

Albertans are encouraged to enjoy outdoor activities, as long as you follow all public health orders to protect yourself and others from the spread of COVID-19.

- **Limit outdoor gatherings** to no more than 50 people
- Stay home and away from others if **exhibiting symptoms**
- If participating in activities with people from outside your household or **cohort family**
 - maintain a physical distance of 2 metres at all times
 - refrain from sharing equipment

Long Term Care, Supportive Living, and Congregate Living

- As the COVID-19 pandemic continues, AHS is taking additional steps to ensure those most at risk of contracting the virus are protected.
- Visitors may not enter any continuing care facility (long-term care or licensed supportive living), except for visits from a designated essential visitor:
 - when a resident is dying
 - where, in rare situations, the resident's quality of life or care needs cannot be met without the visitor's assistance
- Up to two visitors may attend to a resident in a continuing care centre who is at the end of their life. This is defined as up to two weeks before death, but it is understood that estimates are imprecise.
 - Visitors must be verified and undergo a health screening prior to entering the facility. They are also required to wear a mask during their visit and maintain physical distancing.
- Residents who are not in isolation may visit outdoors with a designated essential visitor and one other person. However, physical distancing must be practiced and all visitors must wear a mask or some other form of face covering.
- Visits are allowed for patients in maternity care and children who are patients in acute care/outpatient settings.
 - Again, visitors must be verified and undergo a health screening prior to entering the facility. They are also required to wear a mask during their visit.
- Families and friends of those in these facilities are encouraged think of how they can support and encourage their loved ones through this difficult time without visiting.

811 Health Link

Once again, people experiencing 7symptoms are to take the [online](#) self-assessment.

As a further reminder, **811-health link is for those who are feeling ill and seeking advice.** DO NOT call 811 to report non-compliance of Public Health Orders; these can be reported to the [Environmental Health Complaint Link](#) or by calling (403) 943-2288.
